

## SolarTech Power Solutions

# Angola lithium energy storage power supply specifications

## Overview

---

Did Angola have a potential?

After some research, we came to the conclusion that the southern part of Angola, specifically near the town of Namibe, had huge potential. It had a known pegmatite field; it had known lithium minerals; and it had almost no work done. Angola, in general, is like that in terms of minerals: pick a mineral or a commodity, and you will find it here.

Who owns Angolitio & Tyranna Resources?

Tyranna Resources is a mining exploration company, which owns Angolitio as a subsidiary. How did you identify the potential that the Namibe province has in terms of lithium resources?

Peter SPITALNY: In the last years of the 2010s, the market's general attention was on the more traditional metal commodities, such as gold, copper and nickel.

Is Namibe a good project for Angola?

It is very exciting to be part of such an emblematic project for Angola. This project will indeed be a significant driver of the economy in the Namibe province in terms of investment and opportunities for local employment. What do you hope to achieve in 2024?

.

Will Namibe be a significant economic driver for Angola?

It is very exciting to be part of such an emblematic project for Angola. This project will be a significant economic driver for Namibe. Angola has a huge potential for any commodity you can think of. It's a sleeping giant just waiting to be awakened.

Did Angola have a pegmatite field?

It had a known pegmatite field; it had known lithium minerals; and it had almost no work done. Angola, in general, is like that in terms of minerals: pick a mineral or a commodity, and you will find it here. Angola is a sleeping giant.

What is Angola like?

Angola, in general, is like that in terms of minerals: pick a mineral or a commodity, and you will find it here. Angola is a sleeping giant. Paulo NUNES: In 2019, we started working and, after the Covid-19 hiatus, we obtained our first preliminary results and put together our first presentations of maps, sampling, results and potential.
