Backup outdoor power supply

Overview

An Uninterruptible Power Supply Outdoor system, commonly referred to as an outdoor UPS, is a specialized device engineered to provide backup power during outages while protecting equipment from electrical disturbances. What is an outdoor DC UPS backup power?

An Outdoor DC UPS Backup Power is the perfect solution for continuous power, day or night for surveillance cameras and wireless equipment. Get up to 10 days of backup power. [Click to Download UPS Spec Sheet.](#)

What is an outdoor UPS power system?

Encased in a durable IP68 housing, it guarantees durability even in harsh weather conditions. With a wide input voltage range (100 to 240V AC) and operating temperatures from -4°F to 140°F, the Outdoor UPS Power System ensures consistent performance and system reliability in inclement outdoor environments.

What is a weatherproof UPS backup system?

Weatherproof UPS backup systems for emergency backup power. Our AC/DC Outdoor UPS™ back-up systems provide a complete, uninterruptible power supply that integrates quickly with batteries, loads, and monitors. DC systems are available in 12, 24 and 48 volt. AC systems are available in 120 VAC configurations.

How does a DC UPS backup power system work?

[Click to Download UPS Spec Sheet](#) The Outdoor DC UPS Backup Power System utilizes a charge controller to convert high voltage AC power into DC power, which is then stored in the batteries. The power assembly then draws power from the battery storage, providing the appropriate output voltage and type.

What is ups-AC/DC outdoor?

Our systems produce clean, uninterrupted power for critical AC and/or DC

loads. In the event of AC (utility) power loss, the UPS-AC/DC Outdoor supplies back-up power for 24-48 hours, or longer if requested. We include a high quality, powder-coated, outdoor rated white aluminum enclosure, designed to house the battery and system electronics.

What products are included in a power supply system?

This includes hardened outdoor enclosures, uninterruptible power supply (UPS) modules, specialty batteries, accessories and generators that can be custom integrated to meet your application.
