# Bahrain solar Industrial Energy Storage Project

## Overview

---

Bahrain's Foulath Holding has partnered with Yellow Door Energy to develop a record-breaking 123-megawatt-peak solar energy project, marking a new milestone in industrial sustainability and setting a global benchmark for rooftop solar installations.

Bahrain's Foulath Holding has partnered with Yellow Door Energy to develop a record-breaking 123-megawatt-peak solar energy project, marking a new milestone in industrial sustainability and setting a global benchmark for rooftop solar installations.

A power purchase agreement is in place for a 123 MW solar project in Bahrain that will span 14 sites including the world's largest rooftop solar installation, a 50 MW system on top of a 262,000 m<sup>2</sup> stockyard shed. Steel-based investment company Foulath Holding and Dubai-based developer Yellow Door.

Bahrain accelerates clean industrial growth with a record-breaking solar energy project, setting a new global benchmark. Bahrain's Foulath Holding has partnered with Yellow Door Energy to develop a record-breaking 123-megawatt-peak solar energy project, marking a new milestone in industrial.

Foulath Holding has partnered with Yellow Door Energy to install a 123 MW solar project at its facilities in Bahrain's Hidd Industrial Area. This groundbreaking initiative is set to become the world's largest rooftop solar plant, supporting Bahrain's ambitious goal of reaching net-zero emissions by.

Dubai: Bahrain is taking a major step toward its clean energy ambitions with the launch of the world's largest single-site rooftop solar power plant. The landmark project developed by Foulath Holding, a leading industrial group specializing in steel and iron, in partnership with Yellow Door Energy.

With a total of over 189,900 high-efficiency solar panels spread across 707,000 square metres, the project aims to generate 200 million kilowatt-hours (kWh) of clean energy. The initiative will contribute to Foulath Holding's

sustainability objectives and Bahrain's Net Zero 2060 target. Foulath.

Bahrain - Foulath Holding, a major industrial holding company and parent of Bahrain Steel and SULB, announced a partnership with Yellow Door Energy to develop a massive 123-Megawatt-Peak (MWp) solar power project in Bahrain. The landmark initiative includes the construction of the world's largest.
