

SolarTech Power Solutions

Bahrain wind solar and energy storage project layout

Overview

Where is a solar power plant located in Bahrain?

The solar power plant will be located in the southern region of Bahrain, near Bilaj Al Jazayer, covering a total area of approximately 1.2 square km. The project will utilise the latest advancements in solar energy technologies to optimise output and efficiency.

Is Bahrain transitioning to solar energy projects?

After the establishment of the Sustainable Energy Unit (SEU) in Bahrain in 2014, a radical transition toward launching solar energy projects can clearly be observed. The SEU was established in collaboration between the national government and the United Nations Development Program (UNDP).

What is the EV policy in Bahrain?

In 2021, the Kingdom issued the “Electric Vehicles Technical Regulation”, to promote and adopt green transport in Bahrain. In 2023, the Ministry of Electricity and Water Affairs awarded a contract for the development of an electric vehicle (EV) strategy for the Kingdom.
