

**SolarTech Power Solutions**

# **Brunei solar panel installation package**

## Overview

---

Are solar panels legal in Brunei?

At the moment, there is no regulatory governing the installation of solar panel in Brunei. Companies follow international standards for solar PV systems that convert solar energy into electrical energy, as well as for all the elements in the entire system.

How much energy can a solar power system produce in Brunei?

For a 10 kW solar power system and capacity factor of 13% (for Brunei), such system can produce approximately 227,760 kWh of energy over their lifespan ( $10 \times 13\% \times 24h \times 365 \text{ days} \times 20 \text{ years}$ ). As Brunei uses block electric tariff, electricity tariff of BN\$0.06 per kWh will be used in calculation.

Will Brunei build a solar power plant in 2022?

Construction of the solar power plant is slated to start in 2022, with \$50,000 earmarked to conduct a land survey in Kg Sg Akar. Both the Bukit Panggal and Belingus solar farms will produce 15 MW of solar energy. Apart from the three new solar power plants, Brunei will expand its solar energy project in Seria from 1.2 MW to 4.2 MW.

Is solar energy cheaper in Brunei?

Cabling and trenching works can be very costly due to the installation and maintenance process. Hence, for landscaping and outdoor lightings, solar is the cheaper and more convenient option. How can I maximize solar energy production in Brunei?

Can a solar farm be developed in Brunei?

The new solar farms may be developed through public-private partnerships as the ministry seeks to reduce the government's financial burden. Brunei has

set a target of generating 100 MW of solar energy by 2025 as part of the government's initiative to slash greenhouse gas emissions by 20 percent over the next 10 years.

Could solar panels be installed at Pulau Bukom?

"We are exploring the potential of installing solar panels at our Pulau Bukom Manufacturing Site," she said, without providing further details. The Bukom manufacturing site includes a 500,000 barrels-per-day refinery, which is Shell's largest wholly-owned refinery.
