## Overview

---

What type of plug does Cameroon use?

Cameroon uses power outlets and plugs of types C & E. Take a look at the pictures below to see what these plugs and power sockets look like: Do the outlets look different in your country?

You'll need a power plug adapter. Type C - The standard European plug. Commonly used in Europe, South-America and Asia, but also in quite a few other countries.

What is the standard power socket voltage in Cameroon?

All power sockets in Cameroon provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Cameroon if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Do I need a power adapter in Cameroon?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Cameroon, you will need a power adapter and/or a voltage converter/transformer.

Can a universal power adapter fit a Cameroon outlet?

Universal power adapters usually come with multiple plug types and can be adjusted to fit Cameroon outlets and many others. If your devices are not compatible with the voltage in your destination country, a voltage converter or transformer will also be necessary to convert the voltage to the appropriate range for your devices.

Which plugs fit in a Type E outlet in Cameroon?

Plug types C and F also fit in a type E outlet. If you're not sure whether the outlets and plugs used in your country are the same as in Cameroon, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Cameroon provide a standard voltage of 220V with a standard frequency of 50Hz.

Do I need a voltage converter in Cameroon?

This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia. If the standard voltage in your country is in the range of 100V-127V (which is most common in the US, Canada and countries in South America) you might need a voltage converter in Cameroon. The standard frequency in Cameroon is 50Hz.
