Canadian PV Energy Storage 40kw Inverter Quote

Overview

What is a Canadian Solar inverter?

Canadian Solar's grid-tied, transformer-less string inverters help to accelerate the use of three-phase string architecture for commercial rooftop and small ground-mount applications.

Is Canadian Solar a bankable company?

As a leading PV project developer and manufacturer of solar modules with over 30 GW deployed around the world since 2001, Canadian Solar Inc. is one of the most bankable solar companies worldwide. Max.

What are NRTL approved inverters?

An NRTL approved, cost-effective alternative to central inverters, these inverters are modular design building blocks that provide high yield and enable significant BoS cost savings. They provide up to 98.8% conversion efficiency, a wide operating range of 200-1000 VDC, and four MPPTs for maximum energy harvest.
