Overview

What is a 2 story container house?

A two-story foot container with a rooftop deck, open layout, and versatile living area. This shipping container house offers ample space for relaxation and entertaining, blending style with modular home innovation. Our two story container home buildings are designed with resilience, sophistication, and efficiency in mind. Standout features include:.

What is a shipping container home?

A two-story, three-container home with a rooftop deck and effective interior layout, perfect for urban living. A modern 2-story shipping container home with 640 sq ft, crafted from four 20' containers. Includes 2 bedrooms, 2 full bathrooms, and a durable steel structure, perfect as a custom prefab house or luxury Airbnb rental.

What are custom container home design options?

Our custom container home design options empower you to create your dream home from start to finish. Choose from a range of house plans, finishes, and add-ons to align with your vision. Popular upgrades include energy-efficient systems, personalized interiors, and off-grid capabilities.

What makes a container home unique?

Our two story container home buildings are designed with resilience, sophistication, and efficiency in mind. Standout features include: Rooftop Decks: Maximize your outdoor space with stunning views. Open-Concept Layouts: Seamless designs for spacious living. Sustainable Materials: Environmentally conscious construction for a greener future.
