

SolarTech Power Solutions

Energy storage 8kw

Overview

What is ess810 energy storage system?

ESS810 Energy Storage System is an all-in-one solution, which integrates an inverter and a battery into one unit. ESS810 has combined an 8KW off-grid inverter and 5KWh expandable lithium-ion battery modules.

What is envy 8/10kw?

Approved by utilities across the U.S. and Puerto Rico, the Envy 8/10kW also enables participation in Virtual Power Plant (VPP) programs, allowing you to earn compensation for discharging energy back to the grid during periods of high demand.

How many kW can the envy power?

With AC and DC coupling, a built-in generator input, and dual MPPTs, the Envy supports up to 13 kW of solar PV input (for 8kW mode) or 15 kW (for 10kW mode), making it ideal for both on-grid and off-grid applications.
