# **Energy storage battery shortage**

## Overview

---

Republican mayoral candidate Curtis Sliwa has made railing against battery energy storage systems a key part of his campaign. He rallied with residents of Hollis, Queens, Marine Park, Brooklyn and Eastchester, The Bronx to oppose proposed battery projects in their neighborhoods.

Republican mayoral candidate Curtis Sliwa has made railing against battery energy storage systems a key part of his campaign. He rallied with residents of Hollis, Queens, Marine Park, Brooklyn and Eastchester, The Bronx to oppose proposed battery projects in their neighborhoods.

The state approved a plan to convert the land into one of the nation's largest battery energy storage systems. Gov. Kathy Hochul wants New York to get the majority of its energy, from clean sources like solar, by 2030. But since the sun isn't always shining, so-called "BESS" sites are critical for.

In 2025, the overseas energy storage market experienced explosive growth in demand, leading to a surge in orders for domestic energy storage cell companies. "Hard to schedule due to price increase" "A single chip is hard to find" It has become a hot topic in the current industry. Public information.

Fullmark Energy quietly shuttered Swiftsure, a planned 650-megawatt energy storage system on Staten Island. The biggest battery project in New York has been canceled in a major victory for the nascent nationwide grassroots movement against energy storage development. It's still a mystery why.
