

SolarTech Power Solutions

Enterprise solar Inverter

**51.2V
200Ah/300Ah
LiFePO4 battery**

Overview

What is a commercial solar inverter?

The commercial inverter from KOSTAL supports a system voltage of up to 1100 volts DC. In this way, the solar inverter for the commercial sector ensures reliable and constant energy yields, meaning that the rated output of the company's solar system is quickly reached and the output power continues to be utilised perfectly.

What are solar inverters?

Solar inverters are devices that convert DC power to AC power. They are indispensable as many electronics work on AC, and the choice between AC or DC depends on the device's requirements.

What is a Sungrow solar inverter?

Guess you want to find it. Guess you want to find it. Sungrow PV solar inverters deliver exceptional efficiency exceeding 99% in a range from 2 kW to 8.8 MW, making them ideal for converting solar energy on any scale required.
