

SolarTech Power Solutions

Eritrea new energy solar panel manufacturer

Overview

Who is responsible for electricity supply in Eritrea?

The Ministry of Energy and Mines is responsible for electricity supply in Eritrea. The Government of Eritrea is the beneficiary of the grant, and the Ministry is responsible for its implementation.

How will the grant help the Eritrean power sector?

The grant will improve the operational performance of the grid and ensure the sustainability of the results achieved and the overall development of the Eritrean power sector. Part of the grant will also be allocated to technical assistance and capacity building.

What is the peak demand for electricity in Eritrea?

Eritrea experiences inadequate, unreliable, expensive and polluting electricity supply. The available capacity is 35 MW for a peak demand of about 70 MW. The Ministry of Energy and Mines is responsible for its implementation.
