

**SolarTech Power Solutions**

# **Georgia Outdoor Energy Storage Power Communication BESS Company**

## Overview

---

Where are Georgia Power's new battery energy storage systems located?

Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in Bibb, Lowndes, Floyd and Cherokee counties.

Does Georgia Power support Customer-Sited solar?

Georgia Power is also committed to supporting customer-sited generation resources to meet the state's growing energy needs. The 2025 IRP includes two customer expansions of BESS programs including enhancements to the Customer Connected Solar Program and launching a new Customer-Sited Solar Plus Storage Pilot.

Will all-source capacity RFPs include Bess assets?

All-source capacity Request for Proposals (RFPs) proposed in the 2025 and 2022 IRPs are also expected to include BESS assets. Georgia Power is also committed to supporting customer-sited generation resources to meet the state's growing energy needs.

How does Georgia Power work with the Georgia PSC?

Georgia Power continues to work with the Georgia PSC to procure and develop BESS projects across Georgia.
