

SolarTech Power Solutions

Huawei outdoor power protection equipment

Overview

It integrates power, cooling, monitoring, and housing systems for reliable equipment protection. Real-time battery SOH & SOC management prolongs battery life and prevents site power failure. Intelligent access control supports authorized card, mobile app, and remote NetEco.

It integrates power, cooling, monitoring, and housing systems for reliable equipment protection. Real-time battery SOH & SOC management prolongs battery life and prevents site power failure. Intelligent access control supports authorized card, mobile app, and remote NetEco.

Power-M works as an all-in-one energy supplier to fight off blackouts with power generation, energy storage, and seamless switchover in one system, delivering reliable and stable electricity to power your work and life day and night. With both PV supply and energy storage integrated, Power-M.

Huawei outdoor power solutions are designed for carrier ICT sites. The all-in-one system supports multiple input (grid/PV/genset) and output (12/24/48/57 V DC, 24/36/220 V AC) modes. One cabinet is able to suit current needs and expand as required by ICT convergence and network evolution. [pdf].

Huawei Power-M is an intelligent integrated power supply system with a back-up facility. It includes a power module with inverter and a high-capacity lithium-iron phosphate battery and is compatible with either or both off-grid PV Solar or on-grid mains power supply all fitted in a compact IP65.

Feature highlights: Huawei Outdoor Power System Mini Shelter MTS9510A ensures easy network deployment, cost savings, and efficient operation. It integrates power, cooling, monitoring, and housing systems for reliable equipment protection. Real-time battery SOH & SOC management prolongs battery life.

Huawei Outdoor Power Module including OPM15M OPM30M OPM40M OPM50M, wattage from 800W to 3000w, they are used for fiber equipment with excellent performance such as high power efficiency, intelligent battery management, remote management, wide range of AC input voltage, etc. Lead

time: We have a lot.

Huawei 48V Outdoor Power Cabinet TP48200A Series Outdoor Rectifier System TP48200A (TP48400A) TP48200a-HD15A1 TP48200A-HT15D3 is an AC/DC outdoor power system that configures 48V/50A rectifier modules to supply rated of 200A (400A) output current, with various cooling system: heat exchanger (HEX).
