

## SolarTech Power Solutions

# Huawei targets personal solar energy storage

**TAX FREE**    

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

**ENERGY STORAGE SYSTEM**

## Overview

---

Huawei says its new, all-in-one storage solution for residential PV comes in three versions with one, two, or three battery modules, offering 6.9 kWh to 20.7 kWh of usable energy. Huawei has unveiled a new storage solution for rooftop PV systems.

Huawei says its new, all-in-one storage solution for residential PV comes in three versions with one, two, or three battery modules, offering 6.9 kWh to 20.7 kWh of usable energy. Huawei has unveiled a new storage solution for rooftop PV systems.

As a pioneer of zero-carbon quality living, Huawei FusionSolar has launched the "Optimizer + Inverter + ESS + Charger + Load + Grid + PVMS" one-fits-all residential smart PV solution with its profound accumulation of photovoltaic and storage technology and the perfect integration of.

Huawei says its new, all-in-one storage solution for residential PV comes in three versions with one, two, or three battery modules, offering 6.9 kWh to 20.7 kWh of usable energy. Huawei has unveiled a new storage solution for rooftop PV systems. "The Huawei LUNA S1 continues Huawei's unique.

Huawei's flagship Residential Solar ESS product, the LUNA2000-7/14/21-S1 (Huawei LUNA S1), represents a significant leap in home energy solutions technology. With exceptional energy efficiency and enhanced safety features, it offers a pleasant user experience and transforms the way homeowners.

Huawei explained that the new smart solar-wind-storage solution will help in dealing with energy challenges in the native region. The product aims to resolve problems regarding grid connection, power consumption, operations, and safety aspects. Inputs reveal that Huawei has built the world's first.

Huawei FusionSolar has pioneered battery storage for households, commercial and industrial applications and has now unveiled the Huawei LUNA S1 residential smart PV system. The all-in-one solution includes core equipment such as a Smart Energy Controller, Smart Module Controller, Smart String.

Huawei's photovoltaic energy storage project is advancing rapidly and is marked by several key components: 1. Innovation in energy technology, 2. Sustainable practices aligning with global energy goals, 3. Comprehensive solutions integrating solar and storage systems, 4. Enhanced efficiency in.
