

SolarTech Power Solutions

Hui Jue inverter converted to 220v electrical appliances

Overview

This pure sine wave inverter is extraordinarily designed for home use, which can convert DC 12V/24V of portable power supply to AC 110V/220V/230V and it works for almost all the household electrical resistive appliances such as MP3/MP4 player, cell phone, laptop, emergency light, electric blanket, electric shaver, electric cooker, digital camera, digital video, CD/DVD player, XBOX/PS4 game player, ordinary electric lamps, bulb, fluorescent light, rice cooker, electric iron, desktop computer, graphoscope, fax machines, printers, LCD TV, electric fans, cell phone chargers, electric iron, drinking fountain, hair dryer and so on. What is a 220V 230V inverter?

Designed to provide seamless power conversion from 12V or 24V DC input voltage to a stable 220V – 230V AC output voltage. Our inverter ensures a reliable energy supply for your devices. From electronics and appliances to power tools and entertainment systems, This inverter delivers the performance and power you need.

Which Power Inverter should I buy?

With its 12V or 24V DC input and 220V – 230V AC output, it can power a wide range of devices. making it suitable for RVs, boats, off-grid applications, and many more. Invest in a power inverter that can withstand rugged conditions. Our 5000W Pure Sine Wave Inverter built with extra durability. ensuring it can handle demanding environments.

What is 5000W pure sine wave inverter?

Our 5000W Pure Sine Wave Inverter guarantees a clean and stable power output, free from fluctuations and distortions. With an efficiency rating of over 95%. our inverter maximizes energy usage, minimizing waste and saving you money in the long run. Trust in our inverter to provide reliable and efficient energy conversion for your devices.

How many powmr 5000W hybrid inverters are left?

Only 16 PowMr 5000W hybrid inverters with 80A MPPT Charge Controller are

left in stock - order soon. These inverters offer a pure sine wave inverter DC to 220-230VAC, support utility/generator/solar charge, and come with a Bluetooth LCD USB control. They are suitable for 48v Lead-Acid and Lithium batteries.
