

SolarTech Power Solutions

Indonesia energy storage lead-acid battery manufacturer

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

Overview

The top 5 companies in the Indonesia & Malaysia lead acid battery industry are Clarios, EnerSys, EXIDE INDUSTRIES, GS Yuasa International, and Amara Raja Energy & Mobility contributing around 45% of the market in 2024. Who are the top Indonesia battery companies?

PT. New Indobatt Energy Nusantara This report lists the top Indonesia Battery companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Indonesia Battery industry.

How big is the lead acid battery market in Indonesia?

Indonesia lead acid battery market is set to surpass USD 3 billion by 2032, driven by a thriving automobile sector coupled with a growing inclination toward environmental sustainability. Why is the demand for stationary lead acid battery rising in Indonesia & Malaysia?

How will Malaysia's lead acid battery industry grow?

Ongoing investments in the industry supported by various legislative initiatives are set to amplify the industry potential. The Malaysia lead acid battery market is experiencing significant growth driven by a combination of industrial expansion and increasing demand for reliable power storage solutions.

What are the key players in the Indonesian battery market?

The Indonesian battery market is moderately consolidated. Some of the major key players in the market (not in a particular order) include GS Yuasa Corporation, PT Century Batteries Indonesia, The Furukawa Battery Co. Ltd, PT Motobatt Indonesia, and Contemporary Amperex Technology Co. Limited. Image © Mordor Intelligence.

What are the opportunities in Indonesia's battery storage sector?

Opportunities in Indonesia's battery storage sector are significant, driven by the growing demand for renewable energy sources and the government's ambitious targets for transitioning to cleaner energy.

Does Indonesia have a battery market?

Indonesia has seen increased investments in the battery market, majorly in the form of manufacturing facilities, owing to an increase in the number of electric vehicles in the country. For instance, in September 2023, REPT Battero and POWIN teamed up with a 320-ah winding energy battery for an 8.4 gwh Indonesian cell procurement project.
