

SolarTech Power Solutions

Kuwait solar Energy Storage Company

Overview

Who is Kuwait Energy Company?

Kuwait Energy Company prides itself as an Oil & Gas company with extensive knowledge of the Middle East region with outstanding relations with host governments, national oil companies and international companies that operate in the Middle East.

Is Kuwait a good place to invest in solar energy?

Kuwait is in a great spot and has plenty of cash, but the country hasn't seen a surge in solar energy projects due to a lack of official support. As a result, this could dampen the market's expansion over the predicted time frame. The Kuwaiti solar energy market is partially consolidated.

How much solar energy does Kuwait use a day?

This situation is likely to lead to growth in the use of solar energy in the future. Kuwait's average solar intake is about 9-11 hours per day, with an average daily solar insolation that can reach more than 7.0 kWh/m²/day. The solar PV installation cost dropped significantly from USD 4,731 per kilowatt to USD 883 per kilowatt in 2021.

Will Kuwait develop 2 GW solar and wind projects in 2022?

February 2022: Kuwait announced that it planned to develop a 2 GW solar and wind projects, which the Kuwait Authority will tender for Partnership Projects.
