# Lead-acid battery cabinet assembly

## Overview

---

What is a VRLA battery assembly cabinet?

EverExceed VRLA battery assembly cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your application requirement.

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

What is a gel lead acid battery?

EverExceed advanced GEL Lead acid batteries approved with UL1989, CE, IEC60896, IEC61427, IEC60254, IEC60079 certificates provide maintenance-free and deep cycle performance for UPS, solar/wind, telecommunications, cathodic protection, navigation aids, remote monitoring, RV/marine, golf cart, switchgear, cellular radio etc.

What makes our Battery racks so easy to use?

In designing these easy-to-use battery racks, we have paid special attention to strength, flexibility, acid-proof protection and more! In addition, our battery racks are easy to assemble and disassemble with simple screws, plates, stringers, and supports.

What are everexceed battery cabinets?

EverExceed Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of the higher and new requirements of these application backup.

Are battery racks UL-listed?

Yes. Many of our battery racks are UL-listed and designed to meet seismic requirements such as UBC Zone 4 and IBC compliance. Be sure to ask about certifications based on your project's regional and regulatory needs. Our racks are primarily constructed from powder-coated steel or stainless steel for strength and corrosion resistance.
