# **Lifting inverter control cabinet**

## Overview

---

Who makes elevator control cabinet in China?

As a professional elevator control cabinet manufacturer in China, STEP also provides elevator main controller board, harbor crane 4-quadrant inverter, elevator inverter, and elevator group control system, among others. Are you looking for a particular product ?

What is elevator control cabinet?

The elevator control cabinet is the device to control the operation of the elevator. It is usually installed in the control room. Our elevator control cabinet supports simplex control, duplex control, group control, and remote monitoring functions, etc.

Where is elevator control cabinet installed?

It is usually installed in the control room. Our elevator control cabinet supports simplex control, duplex control, group control, and remote monitoring functions, etc. The electric motor drive of some type of the elevator control cabinet adopts VVVF (Variable Voltage Variable Frequency) system.

What is step electric elevator control cabinet?

STEP Electric is China control cabinet manufacturer, our elevator control cabinet supports simplex control, duplex control, group control, and remote monitoring functions, etc. The electric motor drive of some type of the elevator control cabinet adopts VVVF (Variable Voltage Variable Frequency) system.

What is as320 elevator inverter?

AS320 elevator inverter is a kind of newly developed frequency inverter especially for elevators. It is designed with 32-bit MPU for motor driving, high

performance complex programmable logic device (CPLD), and advanced power module.

What is i550 cabinet frequency inverter?

The i550 cabinet frequency inverter is a compact control cabinet device with scalable functionality. It is versatile, reliable, and easy to use. The requirements of the Ecodesign Directive, Standard EN IEC 61800-9-2, are met.
