## Overview

---

Is Southeast Asia a good place to invest in energy storage?

Image: ACEN. There has been an uptick in energy storage investment in Southeast Asia, a region still largely powered by coal and experiencing high growth in population and energy demand. Andy Colthorpe speaks with companies working to establish a framework of opportunities in the region.

How are Southeast Asia's battery storage market different?

How We Are Different?

Southeast Asia's battery storage market is set to hit USD 5 Bn by 2030, driven by policy, tech shifts, and energy demands in Vietnam, Philippines & Thailand.

What is 'storage & smart power'?

Every edition includes 'Storage & Smart Power,' a dedicated section contributed by the team at Energy-Storage.news. Uptick in energy storage investment in region still largely powered by coal, experiencing population and energy demand growth.
