# Mauritius inverter voltage

## Overview

---

Mauritius's standard voltage is 230V with 50Hz frequency. If your device is labeled "100-240V 50/60Hz", you only need a plug adapter. Do I need a travel adapter for a Mauritius Charger?

However, it is possible you'll need an adapter to plug the charger into a Mauritius outlet. Mauritius uses electrical outlets and power plugs of types C & G (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. Are the electrical outlets and power plugs in your country different?

.

Do I need a voltage converter in Mauritius?

The voltage used in Mauritius is 230V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Mauritius. If the voltage and/or frequency in your country is different, you should check if your devices are dual voltage.

What does a travel plug adapter look like in Mauritius?

When you are going on a trip to Mauritius, be sure to pack the appropriate travel plug adapter that fits the local sockets. But what do those electrical outlets look like?

Mauritius uses the same system (type G) as in the United Kingdom (a legacy of its past as a British colony), but it also uses the French type C / E plug and socket system.

Are there electrical outlets in Mauritius?

No, the electrical outlets in Mauritius are different from those in the United States. In Mauritius electrical outlets of types C & G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Mauritius?

The electrical outlets and power plugs in Mauritius are of types C & G (see images).

What is the standard voltage for a power socket in Mauritius?

All power sockets in Mauritius provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Mauritius if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Can I use a charger in Mauritius?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Mauritius outlet. Mauritius uses electrical outlets and power plugs of types C & G (see images).
