How many times can a Loho battery charge a smartphone?

See more 80000mAh LARGE POWER BANK: Our LOHAO high capacity portable charger has a 296Wh/80000mAh large capacity, it can charge your

smartphone about 10-20 times, and it can give you enough power for over a week, suitable for camp, travel, hurricane power outages, hike, fish vacations, business trip and other outdoor activities.

Do camping batteries draw a lot?

Most camping uses don't draw much, but just because a battery has six AC ports, it doesn't mean you can use them all at once. Everything plugged into the unit still needs to total up to less than the wattage allowance. The main reason to consider a higher watt battery is for remote construction work where corded power tools are being used.
