Overview

Why should you use Monaco's D-21 emergency management system?

Monaco enjoys working with Law Enforcement personnel to integrate solutions to arm them with more incident information. Real-time Common Operating Picture solutions using Monaco's D-21 Emergency Management system provides users with the ability to align resources properly and quickly.

What products does Monaco offer?

Monaco offers a full line of Fire Alarm, Mass Notification, Annunciation Devices, Control Panels and Devices (Addressable and Conventional), and Central Receiving Systems. Please download our 2025 Monaco Products Catalog (174mb) which includes cut-sheets for our offerings. Please note, this catalog may be updated periodically without notice.

Can a base station be built inside OUTD cabinets?

A whole base station can be built inside our OutD cabinets. Our OutD series includes multiple wall structure alternatives for protecting telecom equipment in the best possible way, from a single-layer wall construction with light and cost-effective design to a multilayer construction designed for more demanding conditions.
