Mozambique Communication Base Station solar Communication Battery Factory

Overview

What is Mozambique's new energy grid?

Located in Niassa province, one of Mozambique's most underserved provinces with an electrification rate of just over 20 per cent, the \$36 million project will provide clean energy to 18,000 households and support the creation of local jobs. The project marks a significant milestone as the first IPP grid-scale storage plant in sub-Saharan Africa.

Will Cuamba solar deliver clean power to the Mozambican grid?

Mike Scholey, Globeleq's CEO remarked: "We are extremely excited to now have Cuamba Solar officially delivering clean power to the Mozambican grid via EDM and supporting both the local economy and the Government's efforts to build more renewable power.

What is Globeleq's first greenfield project in Mozambique?

The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio.

Who inaugurated the Cuamba solar plant?

On 14 September 2020, H.E. Filipe Nyusi, President of the Republic of Mozambique, Hon. Carlos Zacarias, the Minister of Mineral Resources and Energy and other distinguished guests officially inaugurated the Cuamba Solar plant, which is Mozambique's very first combined utility-scale solar and energy storage plant.

What is Cuamba solar power plant?

"The Cuamba Solar Power Plant project aims to increase energy availability in the country through both public and private investments, with growing contribution from renewable energy sources; and addresses a strategic objective outlined in the Government's Five-Year Programme.

What did BII plus do for Mozambique?

BII Plus, the technical assistance facility of British International Investment, contributed a US\$1million grant towards the battery energy storage system. His Excellency Filipe Nyusi, President of the Republic of Mozambique said at the inauguration:
