

SolarTech Power Solutions

New Zealand solar cell manufacturer

Overview

Who is NZ solar power?

NZ Solar Power is one of the best and largest Solar Power and Energy Management solution providers for residential and commercial applications. The NZ Solar Power company was founded in 2004. The headquarters of NZ Solar Power is located in Half Moon Bay, Auckland, New Zealand.

Who are NZ solar installers?

Trusted by NZ installers. We supply premium solar panels, inverters, batteries, cables, and mounting systems — all in stock locally for fast delivery. Our global brand partnerships mean proven performance and reliability. Expect sharp pricing, responsive service, and tech you can trust — so your installs are faster, easier, and more profitable.

Which New Zealand solar installers join Q Cells?

The first New Zealand solar installer to join Q CELLS' Q.Partner program, a preferred network of vetted and trained Q CELLS suppliers, and be officially recognised as a supplier of Q CELLS solutions is Think Solar, comprising Wanaka Solar, Queenstown Solar and Dunedin Solar.

Is New Zealand a solar country?

New Zealand, known for its commitment to environmental conservation, has enthusiastically embraced the promise of solar energy. This South Pacific nation, abundant in natural beauty and environmental consciousness, has witnessed a remarkable surge in the adoption of solar technologies.

Will New Zealand's solar market double in 2025?

According to state-owned energy supplier Transpower, over the next five years to 2025 New Zealand's solar market is expected to more than double, making up 0.5% of the Country's total power output.

What solar solutions are available?

We have a range of solar solutions available, including Q-Cell Solahart Silhouette panels with an all-black stylish appearance, world-class inverters and energy storage solutions that are second to none.
