# **New solar panel installation in Albania**

## Overview

---

Will Albania have a solar power project?

The Ministry of Infrastructure and Energy of Albania received four applications for solar power projects with a combined capacity of 235 MW. A proposed unit in Fier, the country's photovoltaics hub, would be the second-biggest in the country. Solar power accounts for 6% of electricity production in Albania.

Where is Albania's second largest photovoltaic plant?

The company laid the cornerstone late last year for the 100 MW solar power system in the west of Albania. The site is near the port city of Durrës. One other PV plant is planned for expansion to 100 MW. Now another project of the same size is racing for the position of the country's second-largest photovoltaic facility.

Could a photovoltaic unit be the second-biggest in Albania?

A proposed unit in Fier, the country's photovoltaics hub, would be the second-biggest in the country. Solar power accounts for 6% of electricity production in Albania. More than half of the photovoltaic output is from the Karavasta facility, the biggest of its kind in the Western Balkans. It has 140 MW in peak capacity.

Where is Euron solar-PV located?

The location is near the villages of Fushë and Povelçë in the municipality and district of Fier. It is the area with projects for the biggest solar power capacity in Albania. Euron Solar-PV is one of four proposals for photovoltaics that the ministry received for consideration. The combined peak capacity is 235 MW, it said.

Where is spitalla solar park located?

At the following auction, it got the concession for the Spitalla solar park. The company laid the cornerstone late last year for the 100 MW solar power

system in the west of Albania. The site is near the port city of Durrës. One other PV plant is planned for expansion to 100 MW.

Who is Euron solar-PV?

Namely, a firm called Euron Solar-PV expressed interest in the construction and operation of a 100 MW solar power plant in an application submitted to the Ministry of Infrastructure and Energy. The location is near the villages of Fushë and Povelçë in the municipality and district of Fier.
