

SolarTech Power Solutions

Nordic energy storage equipment companies

Overview

What is the largest energy storage investment in the Nordics?

“It is a great honor to inaugurate the largest energy storage investment in the Nordics, with 211 MW now connected to the power grid. “Thanks to the efforts of Ingrid Capacity and BW ESS, we are reducing grid congestion and enabling increased power production.”.

What does Nordic batteries do?

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries we focus on what is important: safety, reliability and performance.

Is Northvolt a good energy storage company?

Northvolt, as one of the top 10 energy storage companies in Sweden, founded in 2015 by former Tesla executives, is a Swedish battery manufacturer specializing in lithium-ion technology for electric vehicles and energy storage.

What are the emerging technologies in the Nordics?

Here are some of the emerging technologies in this transformation: Battery energy storage solutions (BESS) are expanding across the Nordics, starting from a low base, supported by significant price reductions in recent years. (See news of the first larger BESS debt financing in the Nordics.).

Who oversees the connection to the Nordic power grid?

The connection to the grid was overseen at the time by the Swedish minister for climate and the environment, Romina Pourmokhtari. Among her comments at the ceremony, Pourmokhtari said: “It is a great honor to inaugurate the largest energy storage investment in the Nordics, with 211 MW now connected to the power grid.

Which ESS project is 'biggest in the Nordics'?

The title of 'biggest in the Nordics' is a fun one to aim at for ESS companies. And deciding which project is biggest can depend on the definition. For example, Neoen claimed it would hold the record in January, when it announced a 93.9 MW / 93.9 MWh project in Sweden at the Isbillen Power Reserve, on January 30.
