

**SolarTech Power Solutions**

# **Portable mobile power semi-finished product**

## Overview

---

What is a HiPower mobile generator?

HIPOWER MOBILE GENERATORS are designed and engineered in partnership with our customers to meet and exceed the unique requirements of the North American Industries. MOBILE GENERATORS, PORTABLE GENERATORS delivering prime power solutions in a wide range of power nodes. Designed for the needs of the north american market.

What is mobile power equipment?

Equipment for short and medium term applications, which features robustness and reliability for 24/7 operations, easy to use, low operating costs and environmental friendly. Our complete portfolio of mobile power equipment is designed and manufactured to meet all the requirements of the rental sector.

What are Siemens Energy portable power solutions?

Siemens Energy portable power solutions can increase the resiliency of a power grid and help ensure uninterrupted service. They provide a quick and efficient solution for the emergency restoration of power in the case of equipment failure.

Where are Elgin power solutions Mobile substations made?

All Elgin Power Solutions mobile substations are crafted and rigorously tested at our state-of-the-art facility in West Virginia. The entire assembly, including transformers, trailers, and structural steel, is manufactured in the USA.

What are Siemens Energy prefabricated power solutions?

Siemens Energy prefabricated power solutions enable faster and more reliable grid connection for power-critical infrastructures such as electrical generation or process industries, and they ensure little exposure to site work contingencies. Remote or hostile environments usually lead to high labor costs.

## What makes Elgin Mobile substations unique?

Our mobile substations feature superior transformer quality, overall craftsmanship and are designed with a focus on real world use. Elgin maintains an excellent field failure rate – zero. Elgin’s mobile substations often incorporate circuit switchers, breakers, capacitor banks, switchgear and regulators—designed to meet your power needs on the go.
