

SolarTech Power Solutions

Samoa communication base station solar and wind power generation

Overview

Does Samoa have a solar power station?

MPOWER was awarded a contract to deliver a fully operational 5.0MW solar power station across two sites in Samoa. The first site at Faleolo International airport has a 3MWp solar PV ground mount system. The second site at Faleata Race Track has a 2MWp solar PV group mount system.

How does Samoa's energy system work?

ed integration of innovative distributed energy solutions across its service territory. Currently, Samoa's energy portion of the tariff sees its highest cost kWhs coming from energy supplied through its diesel resources. The Samoan Government has an established goal of 70% renewable energy generation.

What is solar for Samoa?

The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific. The two sites will provide up to 27% of the network power during peak output. MPOWER has successfully delivered a wide range of renewable and conventional power systems across the region.

Who managed the Solar for Samoa project?

The project was managed by MPOWER's construction manager, project manager and HSE managers and carried out by local staff (peaking at 220) in Samoa with regular visits from MPOWER's team in Sydney. The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific.

Which land is available for solar energy in Samoa?

For power, spaces in front near and the rear end of the thermal station is available for RETotal land area from Samoa Land Corporation is 15.5 acres land was designated for Solar Energy. LeaseProperty is legally leased to EPC from Samoa La.

Who owns ADB in Samoa?

Established in 1966, it is owned by 69 members—49 from the region. ADB has signed a transaction advisory services agreement with Samoa's Electric Power Corporation (EPC) to support the development of a solar photovoltaic and battery energy storage systems with installations planned for the country's two largest islands, Upolu and Savai'i.
