Select outdoor power supply

Overview

How do I choose a portable power station?

Here are the all the key factors you'll want to look at when deciding on a portable power station. Size: Portable power stations come in a wide array of sizes and capacities, from the small and compact EcoFlow River 3, to the more capacious Anker Solix F3800, which stretches the limits of the word "portable," despite coming with wheels.

What is the best portable power station for camping?

EcoFlow Delta Mini (882Wh) (Update: Out of stock): When we tested it, this model hit a sweet spot of basic functionality, capacity and price, earning it a spot on our list as the best portable power station for camping. It also supported charging with solar panels. Unfortunately, it's no longer available for sale.

What is the best portable power station?

For these reasons and more, the Jackery 2000 Plus is our top pick for both the best large and best overall portable power station. Budget-conscious buyers should consider smaller models like the EcoFlow River 3, as the Jackery 2000 Plus commands a premium price at \$2,199 without any sales.

How many Watts Does a power supply have?

You get a total of 13 outputs, with four AC ports capable of 2,000 watts output, two USB-C ports (100 watts), four USB-A ports (18 watts), one car outlet (120 watts) and two DC 5521 ports. It also supports 20 recharging with solar panels and has a 20-millisecond UPS switchover for more sensitive devices.
