

## SolarTech Power Solutions

# Slovenia 5kw solar inverter can be high power

## Overview

---

For a typical 5kW inverter, you can go up to a maximum of 6.6kW of solar panel output within the rules. If your solar array exceeds the maximum input of your inverter, it is not unusual that a 8000w inverter would reach 10, 100W or even 10, 200W.
