

SolarTech Power Solutions

South Asian home energy storage system supplier

Overview

Why does Southeast Asia need flexible energy storage solutions?

Southeast Asia's exponential growth in electricity demand, averaging over 6% annually over the past two decades, has created an urgent need for reliable and flexible energy storage solutions. This surge in demand is primarily driven by increasing ownership of household appliances and rising consumption of goods and services across the region.

Is Southeast Asia a good place to invest in energy storage?

Image: ACEN. There has been an uptick in energy storage investment in Southeast Asia, a region still largely powered by coal and experiencing high growth in population and energy demand. Andy Colthorpe speaks with companies working to establish a framework of opportunities in the region.

Is Indonesia facilitating large-scale energy storage projects?

Indonesia's successful securing of a World Bank loan for developing pumped storage facilities exemplifies how government backing is facilitating large-scale energy storage projects.
