

SolarTech Power Solutions

Thailand energy storage battery sales manufacturer

Overview

Who is Thai Energy Storage Technology plc?

THAI ENERGY STORAGE TECHNOLOGY PLC. Formerly “Thai Storage Battery Company Limited” was found in 1986 and became a public company limited in 1994. It has become one member of Hitachi Chemical Group in September 2017 and changed the company name to “Hitachi Chemical Storage Battery (Thailand) Public Company Limited” by the time of 3rd January 2019.

Who is Thai storage battery?

Overview: Thai Storage Battery is one of the oldest battery manufacturers in Thailand, known for its strong presence in the automotive and industrial sectors. TSB is transitioning into lithium-ion but remains a key player in traditional batteries. Established Time: 2023.

Who makes EV batteries in Thailand?

The facility, operational since 2024, produces lithium-ion battery packs (LFP and NMC) for EVs, targeting 60,000 units annually. Leveraging Great Wall Motor’s automotive expertise, SVOLT focuses on cobalt-free batteries, enhancing cost-efficiency and sustainability. The company supports Thailand’s EV ecosystem, supplying local and ASEAN markets.

Where are lithium-ion batteries made in Thailand?

Thailand’s vibrant industrial landscape hosts several supply chain centers for lithium-ion battery companies, strategically located in key cities across the country. Bangkok, the capital city, serves as a nucleus for various battery manufacturers, offering proximity to transportation networks and skilled labor.

What makes Thailand a leader in the lithium-ion battery market?

In Rayong, numerous lithium-ion battery manufacturers have established their operations, capitalizing on the region’s infrastructure and logistical

advantages. Chonburi, with its well-developed industrial estates, also hosts several battery companies, contributing significantly to Thailand's position as a key player in the global battery market.

Does Amita support Thailand's EV ecosystem?

With a current capacity of 1 GWh, expandable to 4 GWh by late 2025, Amita supports Thailand's EV ecosystem, backed by EA's renewable energy expertise and government incentives like a 2 billion baht BOI grant.
Established: 1986
