UK energy storage solar

Overview

Do solar energy and battery storage contribute to economic activity across the UK?

Solar energy and battery storage contribute to economic activity across the UK while supporting the energy transition. This study provides an initial estimate of the overall economic contribution made by solar and battery storage deployment across the UK.

What is solar & storage live UK?

We bring the entire energy value chain together with innovators and disruptors, to discover the technology and solutions needed to drive the UK's energy transition. In 2025, Solar & Storage Live UK was an overwhelming success with over 20,000 solar and storage professionals registered to attend.

How is the UK's solar energy and battery storage sector changing?

Introduction The UK's solar energy and battery storage sector is undergoing a rapid transformation, bolstered by ambitious climate targets and supportive policies. Solar photovoltaics (PV) capacity has rebounded since the end of feed-in tariffs, while energy storage is scaling up to enhance grid reliability.

Are solar energy and battery storage a good investment?

Solar energy and battery storage support employment in good quality and high productivity jobs, with an average GVA per job of £88,800 in 2024, over 40% larger than the UK average. Solar energy and battery storage contribute to economic activity across the UK while supporting the energy transition.

How do solar energy and battery storage support economic activity?

Solar energy and battery storage support economic activity in several ways, as shown below. At the end of 2024 the UK had a total 20 GW of solar capacity and 7.5 GW of battery storage capacity. Over the period to 2035, activity

across both technologies could expand significantly.

When is solar & storage live UK 2026?

In 2025, Solar & Storage Live UK was an overwhelming success with over 20,000 solar and storage professionals registered to attend. Join our even larger and better 2026 edition on 22-24 September 2026 at the NEC, Birmingham! Discover and purchase thousands of solar and energy storage products and services from over 500 global exhibitors.
