What is the construction of new energy storage projects

Overview

Governor Kathy Hochul today announced the launch of New York's first Bulk Energy Storage Request for Proposals (RFP), intended to procure one gigawatt (GW) of bulk energy storage as part of New York's 6 GW Energy Storage Roadmap.

Governor Kathy Hochul today announced the launch of New York's first Bulk Energy Storage Request for Proposals (RFP), intended to procure one gigawatt (GW) of bulk energy storage as part of New York's 6 GW Energy Storage Roadmap.

NYCIDA closed its largest battery energy storage project to date, the East River Energy Storage Project, located on an industrial site on the East River in Astoria, Queens. When built, the facility will be able to hold up to 100 megawatts (MW) and power over tens of thousands of households. Once.

On July 28, 2025, Governor Kathy Hochul announced the launch of New York State's first bulk energy storage competitive solicitation. In this initial solicitation (the 2025 "Index Storage Credit Request for Proposals," or "ISCRFP25-1"), the New York State Energy Research and Development Authority.
