# **What types of outdoor power supplies are available in Mozambique**

## Overview

---

Mozambique has the largest power generation potential of all Southern African countries. Power Africa estimates that it could generate 187 gigawatts of power from coal, hydro, gas, wind, and solar. What type of power outlet does Mozambique use?

Mozambique uses power outlets and plugs of types C, F & M. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Be careful!.

Why is Mozambique a major energy exporter?

Mozambique is a net exporter of energy to countries in the Southern African Power Pool (SAPP) - South Africa being the largest importer. The government view energy exports as a key driver of the Mozambican economy, having passed a new electricity law that simplifies permitting and encourages IPPs activities.

What drives electricity demand in Mozambique?

Electricity demand in Mozambique is driven by economic and population growth and changes to the structure of the economy. Electricity production tends to closely match this demand.

Do I need a voltage converter in Mozambique?

If your device or power adapter is not dual voltage or you are unsure, and the voltage and/or frequency in Mozambique differs from your own country, you should use a voltage converter when plugging in your devices and power adapters in Mozambique. What power plug types and electrical outlets are used in Maputo?

Do I need a travel adapter in Mozambique?

The electrical outlets and power plugs in Mozambique are of types C, F & M (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.

What is the standard power socket voltage in Mozambique?

All power sockets in Mozambique provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Mozambique if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.
