Five brands stood out: Maxeon, VSUN, REC, Qcells, and Canadian Solar. What are the best solar panels?

Based on our analysis, Maxeon offers the best solar panels, followed by VSUN, REC, Qcells, and Canadian Solar. Each scored well overall, but the best one for you depends on your home's specific needs.

Which EnergySage solar panel is best?

REC is a longtime favorite among EnergySage shoppers, probably because of its relatively low price per watt and impressive specs. Out of our top brands, REC offers the best bang for your buck: The Alpha Pure 410-watt panel maintains efficiency above 22%, and it has solid 25-year performance and product warranties.

What is the most popular brand in residential solar?

Qcells is the most popular brand in residential solar thanks to quality equipment and pricing. SolarReviews statistics show that 58% of solar installers offered Qcells panels in the past year, but changes in the competitive landscape kept it at the 3rd place spot on our list.

Why should you choose the best solar panel brands?

With the growing demand for renewable energy, solar panel brands have become an essential investment for homeowners, businesses, and industries. Choosing the best solar panel brands ensures high efficiency, durability, and long-term savings. With multiple brands available in the market, making the right choice can be challenging.

Which solar panels are best for 2025?

Let's take a look at each of the brands: Canadian Solar is our #1 pick for 2025. The company has been manufacturing solar panels since 2001, making it one of the oldest brands on our list. Canadian Solar's products are known for their reliability and affordability and are used by solar installers nationwide.
