Which portable power bank is best in the UK

Overview

What is the best power bank?

I've found the best power banks usually come from Anker, but newer brands like Cuktech and Iniu are also starting to make a name for themselves. Anker's A1383 20,000mAh power bank is my top pick for its hefty battery capacity, fast-charging and built-in cable, but the Iniu P41-E2 10,000mAh power bank is a nice budget portable charger.

Which battery brand is best for power banks?

Anker makes the best power banks we have tested so far, but batteries from Baseus and Iniu also performed well. All of the power banks on this list passed our testing, traveling with us on the road and powering our devices at home. Which brand is best for power banks in 2025?

Anker is making some the best power banks right.

What is the fastest power bank?

The Anker MagGo Power Bank (10K, Slim) is our top pick for a reason: it combines shockingly good performance with a premium, portable design. Its charging capability is its standout feature, proving to be the fastest MagSafe power bank we've ever tested, capable of charging an iPhone in under two hours.

What is a power bank?

A power bank is basically a portable battery to allow you to easily charge devices on the move. For me, I like to carry a small power bank on most of my walks as while I often use paper maps while walking, I use my phone to navigate to and from the start of a walk.

Should I buy a small power bank or a large power bank?

Small power banks can be great for an occasional top up of power on the go –

they're light enough that you'll hardly feel the weight of them in your bag. Large models give you more juice but are less portable.

Are power banks worth it?

POWER banks are a lifesaver when your battery's running low and there's no plug in sight. After testing options to suit every budget, I've rounded up the best power banks that'll keep your devices charged wherever you are.
