Zimbabwe lithium battery energy storage project

Overview

Discover how Zimbabwe's landmark \$270 million lithium investment, powered by Chinese partnerships, is reshaping the global battery metals landscape and reinforcing its position as Africa's top lithium producer.

Discover how Zimbabwe's landmark \$270 million lithium investment, powered by Chinese partnerships, is reshaping the global battery metals landscape and reinforcing its position as Africa's top lithium producer.

Zimbabwe to Open First Lithium Sulphate Plant in 2026 Zimbabwe is set to commission its first-ever lithium sulphate plant next year, a move expected to generate an estimated US\$320 million in annual revenue. The milestone project, which underscores the nation's drive towards mineral beneficiation.

The Harare Institute of Technology (HIT) is moving to establish a lithium processing plant, a strategic initiative designed to position Zimbabwe as a central hub in the global battery value chain, drive domestic value addition, and accelerate industrialisation in line with the country's National.

Discover how Zimbabwe's landmark \$270 million lithium investment, powered by Chinese partnerships, is reshaping the global battery metals landscape and reinforcing its position as Africa's top lithium producer. Zimbabwe's lithium sector is undergoing a significant transformation with a landmark.

Zimbabwe's state-owned mining company, Kuvimba Mining House Limited, will begin construction of a \$270 million lithium concentration plant at its Sandawana mine in the third quarter of this year, with commissioning expected in early 2027. Speaking to reporters, the CEO of Kuvimba Mining, Trevor.

Zimbabwe is rapidly positioning itself as a dominant force in the global lithium supply chain, bolstered by the state-owned Kuvimba Mining House's announcement to begin construction on a landmark \$270 million lithium concentrator at its Sandawana mine in the third quarter of 2025. Slated to enter.

Zimbabwe – Africa’s top lithium producer and among the world’s leading suppliers – is accelerating sector growth in 2025 through new partnerships, major project milestones and rising investment inflows. Against this backdrop, African Mining Week (AMW) 2025 – Africa’s premier platform for mining.
